

*The greatest misfortune  
That can come to a human being  
Is to lose  
His inner peace.*

*Peace begins  
When expectation ends.*

*Peace cannot be found  
Before self-knowledge  
Is won.*

*A soulful song  
Can easily soothe the  
tortures  
Of any cruel day.*

*Deepen your faith in  
yourself.  
Nothing will be able to  
frighten  
And weaken you.*

*Turn your wishful  
thoughts  
Into a powerful  
Will-power.*

*Never allow anyone  
To clip the silver wings  
Of your golden dreams.*

*Change yourself  
slowly  
And cheerfully,  
Conditions will change immediately  
And unimaginably.*

*Your weaknesses  
Will always chase you.  
Do not run away from them,  
But put up a brave fight  
And defeat them once and for all.*

*Intensity expedites our progress  
In every sphere of life.  
Therefore,  
In everything we do and become  
Intensity is  
Of paramount importance.*

*Nobody can prevent you  
From being the fulfiller  
Of your golden dreams.*

*Do not waste your precious time.  
Every day try to make it a point  
To make real sense  
Out of your life.*

*Allow failure to teach you  
A supreme lesson:  
Each sunset is the beginning  
Of a very, very bright  
And powerful sunrise.*

*Do not allow yourself  
To be ruled by dark doubts.  
Make friends with bright  
hopes  
At every moment,  
To change your own world  
And the world around you.*

*If you wait for opportunities  
To become easily available,  
Then you will never be able  
To succeed in life.*

*Circumstances  
Cannot change man's life  
His attitude can and does.*

*No more  
Am I going to remain  
With my mind's crowding  
thoughts.  
I shall remain  
Inside my heart's flaming will.*

*Only our oneness-heart  
Can be chosen  
To be the custodian  
Of our peace of mind.*

*No will-power, no success.  
No will-power, no progress.*

*Inner courage is indispensable  
To accept the challenge  
Of grey days  
In each human life.*

*You follow  
Your heart's love.  
Your life's happiness  
Will follow you.*

*A good intention  
Can change  
A great many conditions.*
