

Our motto for the month June 2017:

I entirely depend on God

Remember who you are. You are God's chosen child — Remember!

I **depend on** faith, Faith **depends on** God, And **God depends on** My cheerful willingness.

~

Flowers **depend on** the sunlight. I **depend on** God's Compassion-Height.

~

My success **depends on** How much I know. My progress **depends on** How much I care for **God**.

~

The betterment of the world Entirely **depends On** God's unconditional Grace.

~

My **God**-realisation Entirely **depends On** my **God**-reliance.

~

My human friendships Entirely **depend On** my self-giving life. My divine friendships Sleeplessly **depend On** my **God**-longing breath.

~

My happiness does not **depend on** My possessions. My happiness does not **depend on** My renunciation. My happiness entirely **depends on** My constant, cheerful and eager oneness With **God's** Will.

~

God-manifestation on earth Entirely **depends on** humanity's genuine love for **God**.

~

If you **depend on** **God** entirely, **God** will definitely guide Your every breath And every step.

Every day reduce your **dependency** on the world And increase your **God-dependency**.

~

I do not **depend on** others' faith In me. I **depend only on** my faith In **God**.

~

My likes and dislikes Are entirely **dependent On** **God's** Will.

~

Do not be a fool! Be wise and **depend on** **God** for everything.

~

I am extremely happy! Why? Because at every moment I **depend on** **God**, only on **God**.

~

If I am **dependent on** **God**, Only then can I feel that My life has any meaning.

~

Do not **depend** Either on time or space. **Depend** only **On** **God's** ceaseless Grace.

~

Depending on human beings Is like **depending on** weak crutches. **Depending on** **God's** Grace-Concern Is like **depending on** Heaven-touches.

~

If we **depend on** **God** for everything, **God** gives us Confidence-satisfaction.

~

Do not **depend on** others. **Depend** only on **God's** Compassion-Eye. It will immediately tell you "Yes" or "no".

~

My progress in the inner race **Depends** entirely **On** **God's** endless Grace.

~

My happiness entirely **depends On** my constant surrender to **God's** Will.

~

Our outer spiritual capacity **Depends on** Our inner **God**-necessity.

~

Each child born on earth Is a unique promise of **God** to **God** Himself.

~

Dive deep within Only to discover that you are a supremely chosen child.

~

To be a special child of **God**, Change your name to A sleepless **God**-gratitude-heart.

I entirely depend on God

*Never question your capacities. You can and you shall unmistakably manifest God.
Earth-transformation depends on your earth-acceptance.
Heaven-satisfaction depends on your Heaven-recognition.*

~

*I was a fool, I depended on my personal efforts.
I was a fool, I depended on man's assistance.
I was a fool, I depended on God's Grace.*

*But now I have become a wise man since I revised the order.
I now depend on God's unconditional Grace first, ninety-eight and a half per cent.
And then I depend on my puny personal efforts, one per cent.
Finally I depend on man's conditional assistance, one-half of one per cent.*

Question: When will perfection dawn here on earth?

Sri Chinmoy: It entirely depends on earth's aspiration and earth's receptivity. Earth's aspiration and earth's receptivity are entirely responsible for the dawn of perfection on earth.

Question: Does everyone have a special mission on earth?

Sri Chinmoy: Yes, each individual has a special mission on earth. What that mission is depends on the development of the soul. If the soul is extremely developed, then the mission of that particular person will be very, very great.

Question: Can you say that love is the only law in the whole universe?

Sri Chinmoy: Love is the only law. We can call it "law", we can call it "love", we can call it "oneness". A judge or a scientist will say "law", a seeker will say it is all love and a spiritual Master will say it is all oneness. It depends on the person. A seeker will say that love is holding the universe. A person who has realised God will say that oneness is holding the universe. An ordinary human being will say that laws are holding the universe. If you break the laws, then there will be chaos. If everybody abides by the laws, then there will be no disharmony, no conflicts, no quarrels, no fights. But when we go one step ahead and become seekers, at that time we say that if I really love you and you really love me, then there will be no disharmony or conflict at all. Again, if we go still farther, deeper or higher, we see that if I am one with you and you are one with me, then there can be only perfection. It depends on the individual's spiritual growth. First comes law, then comes love, then comes oneness.
